Findings

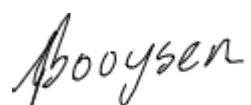

The school is a signatory to the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021* established under section 534 of the Education and Training Act 2020. The school has attested that it complies with all aspects of the Code and has completed an annual self-review of its implementation of the Code.

At the time of this report there were nine international students attending the school, and no exchange students.

The school has well-established processes and comprehensively reviews its provision for international students and compliance with the Code. There are effective self-review processes and use of networks to identify any actions needed and sustain positive outcomes for students. Students are guided to make the appropriate choices for their pathways. Students' achievement and progress is monitored, and they are supported to achieve academically. The International Director reports directly to the Board. As a result, school governance and leadership has informed oversight of student wellbeing, learning and engagement.

Thoughtful processes and practices support students to settle into the school, homestays, and community, to develop a sense of belonging, and be active participants in school life, including in cultural and sporting activities.

Both international students interviewed at the time of the review described feeling welcome at the school and developing positive relationships with the staff and other students. They expressed appreciation for the opportunities available to them and for the support they had received.
