ESOL

Course is endorsable

Year : 11

Course : English for Speakers of Other Languages

Mr S Ikonomakis

Total Credits : 35

This course is designed for senior students of non-English speaking backgrounds operating at Level 3 of the English Language Progressions (ELLP) framework. This is an intensive English course aimed at students who need further assistance to prepare for the literacy assessment (CAA). The focus will be learning and application of academic English. The course will teach writing across different genres for different purposes and audiences. Students will learn to utilise appropriate language features and structures that enhance texts. They will develop critical awareness and will also learn to identify ideas within texts. They have the opportunity to gain Level 1 English Language Learning credits and there is a large proportion of the work that is portfolio based. Marks for the portfolio element of the course will be given in Term 4.

Mathematics

Course is endorsable

Year : 11

Course : Mathematics

Dr Dietmar Muck

Total Credits : 15

Learning Mathematics is a key, fundamental to every society that aims to prepare its citizens for a productive life in the 21st century. At an individual level mathematics underpins many aspects of everyday life, from making sense of information provided to us to making informed decisions about personal finances. Additionally, a good understanding of Mathematics is essential wherever calculations, measurements, graphical interpretation and statistical analysis are involved.
