	Materials Technology	Mr E Hoskin	58
	Mechanical Engineering	Mr E Hoskin	59
	Trade Training	Mr E Hoskin	60
	Vocational Studies	Ms V Wilson	61

The Senior Curriculum Handbook - 2025

The Senior Curriculum Handbook is an important part of each student's pathway through Rongotai College – it provides important information on the courses and subjects that are available at the school.

Well-informed course selection is crucial. It is important that families and their sons spend time discussing the appropriate courses for their future aspirations. **In general terms, courses should be chosen which leave doors open, as young men are likely to change their goals as they move through the senior school.**

If students wish to find specific information regarding careers or university study, they should firstly view the appropriate section on the school website and should then make an appointment to see staff in the Careers Department. There are also many other avenues for advice within the college, from Senior Management to Heads of Department and year level Deans.

Availability of Subjects

Availability of subjects will depend on staffing and student numbers. If numbers for a subject are too low, the subject may be combined with another, be taught out of normal class hours, or withdrawn.

It is important therefore to make correct selections now, so subjects are not removed from the 2025 timetable due to low student numbers.

National Certificate of Educational Achievement (NCEA)

The National Certificates of Educational Achievement (NCEA) are the national secondary school qualification of New Zealand, and are controlled by the New Zealand Qualifications Authority (NZQA).

There are three levels of NCEA certificate, depending on the difficulty of the standards achieved. Rongotai College offers courses at all three levels.

At each level, students must achieve a certain number of credits to gain an NCEA certificate. Credits can be gained over more than one year.

The Level 1 Literacy and Numeracy co-requisites can be gained in any year, but no NCEA qualification can be gained until the co-requisites are gained. The co-requisites can be gained through the Common Assessment Activities held in May and September each year.

You will have achieved an NCEA qualification when you meet the following requirements:

Level 1	60 credits are required at any level (Level 1 or higher) AND the Literacy and Numeracy co-requisites (10 credits for literacy and 10 credits for numeracy, which are not counted in the 60 credits). <i>For 2025, literacy and numeracy can come from approved standards across a range of subjects, or from the Common Assessment Activities</i>
Level 2	A minimum of 60 credits at Level 2 or higher + 20 credits from any level The Level 1 <i>literacy and numeracy</i> requirements must also be met.
Level 3	A minimum of 60 credits at Level 3 or above + 20 credits from level 2 or above The Level 1 <i>literacy and numeracy</i> requirements must also be met.

The credits required for each level can be gained over more than one year, and credits gained at one level can be used for (or count towards) more than one Certificate.

Credits gained at one level can be used for (or count towards) more than one certificate. They may also be used towards other qualifications. For example, unit standards in Hospitality might be used towards a Level 2 NCEA certificate, as well as towards a National Certificate in Hospitality (Level 2).

NCEA is based on accumulating credits through internal assessment over a period of time as well as external assessment, so **you need to keep track of where you are towards achieving your qualification**. This can be done through the student and parent portal, or by asking your form teacher to see your Record of Learning. Records of Learning will also be published with your Term 3 and Term 4 school reports.

Endorsed Certificates

Your NCEA certificate can be 'endorsed' if your overall results are at a high level. For example, you could gain "**NCEA Level 1 with Excellence**" or "**NCEA Level 2 with Merit**".

If you gain **50 credits at Excellence**, your NCEA certificate will be endorsed with **Excellence**. Likewise, if you gain **50 credits at Merit** (or a combination of 50 **Merit and Excellence**) your NCEA will be endorsed with **Merit**.

You can earn credits counting towards endorsement over more than one year and more than one level. However, they must be gained at the level of the certificate or above. For example, Level 2 credits will count towards endorsement of a Level 1 NCEA, but Level 1 credits will not count towards endorsement of a Level 2 NCEA.

You can also gain a **Course Endorsement** if you gain 14 or more credits at Merit or Excellence in a single year in a course. At least three of these credits must come from externally assessed standards and three from internally assessed standards, except P.E. and Level 3 Visual Art. You do not have to pass the NCEA level to gain a course endorsement.

University Entrance

Another important qualification is University Entrance, which entitles a student to a place at a university in New Zealand

The requirements for gaining University Entrance are:

- **NCEA Level 3, AND**
- **14 Credits in each of three Level 3 courses** that are approved subjects (below is a list of courses at Rongotai that are 'University approved' – as shown on page 3), AND
- **Literacy** – 10 credits at Level 2 or above, made up of 5 credits reading, 5 credits writing AND
- **Numeracy** – the NCEA Numeracy co-requisite.

NB: This is the minimum standard required for entrance to a New Zealand University. Entrance to some university courses is restricted, and entry to these courses requires a higher level of achievement at NCEA Level 3. Universities may require a Guaranteed Entry Score based on the 80 best credits gained by students in UE-approved Achievement Standards at Level 3 or higher, and weighted by the level of achievement for entry to some courses.

A rank score will be calculated by weighting the best 80 credits as follows:

1. Excellence – 4 points
2. Merit – 3 points
3. Achieved – 2 points.

The Guaranteed Entry Score varies for each university and each degree course will have differing entry scores and/or course prerequisite requirements. Intending students should contact the university concerned.

The following Level 3 courses offered at Rongotai College have at least 14 credits from approved University Entrance subjects:

Course	Course Code	Course	Course Code
Accounting	3AC	Media Studies	3MD
Biology	3BI	Music Studies	3MU
Calculus	3MC	Painting	3AR
Chemistry	3CH	Photography	3AP
Classical Studies	3CS	Physical Education	3PE
Design (Practical Art)	3PR	Physics	3PH
Design & Visual Communication	3DC	Printmaking	3AM
Digital Technologies	3WD	Programming	3PR
Drama	3DR	Samoan	3SA
Economics	3EC	Spanish	3SP
English	3EN and 3EQ	Statistics	3MS
Geography	3GE	Technology	3MT
History	3HI	Te Reo Māori	3MR

NZ Scholarship

New Zealand Scholarship provides recognition and monetary reward to the top students in New Zealand in each subject. Scholarship candidates are expected to demonstrate high-level critical thinking, abstraction and generalisation, and to integrate, synthesise and apply knowledge, skills, understanding and ideas to complex situations.

At Rongotai College, Y12 and Y13 students are nominated by their subject teachers or themselves to enter these examinations. Specialist tutorials are conducted by teachers in order to prepare for the assessment.

Information regarding Scholarship in each subject will be communicated early in the academic year. For more information, contact Mr Reddy (Deputy Principal) or Dr Richardson (Gifted and Talented Students Co-ordinator).

Vocational Pathways

The Ministry of Education has developed a tool it calls “Vocational Pathways”. These pathways let students see how learning and achievement are valued in the workplace in various industries. They provide a clear framework for vocational options and improve the links between education decisions and future employment. Using this tool, students will be able to map and plan towards a clear career goal whether that is in the workforce or moving towards further study.

Six industry pathways have been identified and operate as part of NCEA Level 2:

- Creative Industries
- Primary Industries
- Service Industries
- Social and Community Services
- Manufacturing and Technology
- Constructions and Infrastructure

For each of the sectors identified, a number of assessment standards have been identified by the respective industry training organisations as being important in that area.

Consequently, if a student is aiming for a career in a specific industry sector, vocational pathways can help the student to see which subjects and standards to consider doing at NCEA Level 2.

Vocational Pathways Awards

By achieving enough credits from the standards recommended by the sector, you can have your NCEA endorsed by one or many vocational pathways. This makes it easier for employers to see if you have the skills, knowledge, strengths and abilities that are relevant to those industries and that they are looking for.

To achieve a Vocational Pathways Award, a student must:

- Achieve NCEA Level 2, which includes literacy (10 credits) and numeracy (10 credits) at Level 1 or above, and
- Achieve 60 Level 2 credits from the recommended Assessment Standards for a Vocational Pathway, including 20 Level 2 credits from Sector-related for the same industry pathway (e.g. Creative Industries).

Students can achieve more than one Vocational Pathway Award if they complete more than one Vocational Pathway. Achievement is recorded on the student’s Record of Achievement and on your vocational pathways profile on www.nzqa.govt.nz and on the student/parent portal at www.rongotai.school.nz

Vocational Profile Builder

Through your Vocational Pathways Profile you will be able to see a graph which can show you what you plan to learn or your current achievements. Students and parents can enter the standards achieved (or plan to achieve) to build an individual profile. You can find the profile builder at <http://www.youthguarantee.net.nz/vocational-pathways/profile-builder/>

Job Profiles

There are a large number of roles and occupations in each industry sector. If you haven’t decided and you are thinking about the future, the pathways can help see how your strengths and interests match up to a big range of jobs and study options out there. For careers advice and tips go to:

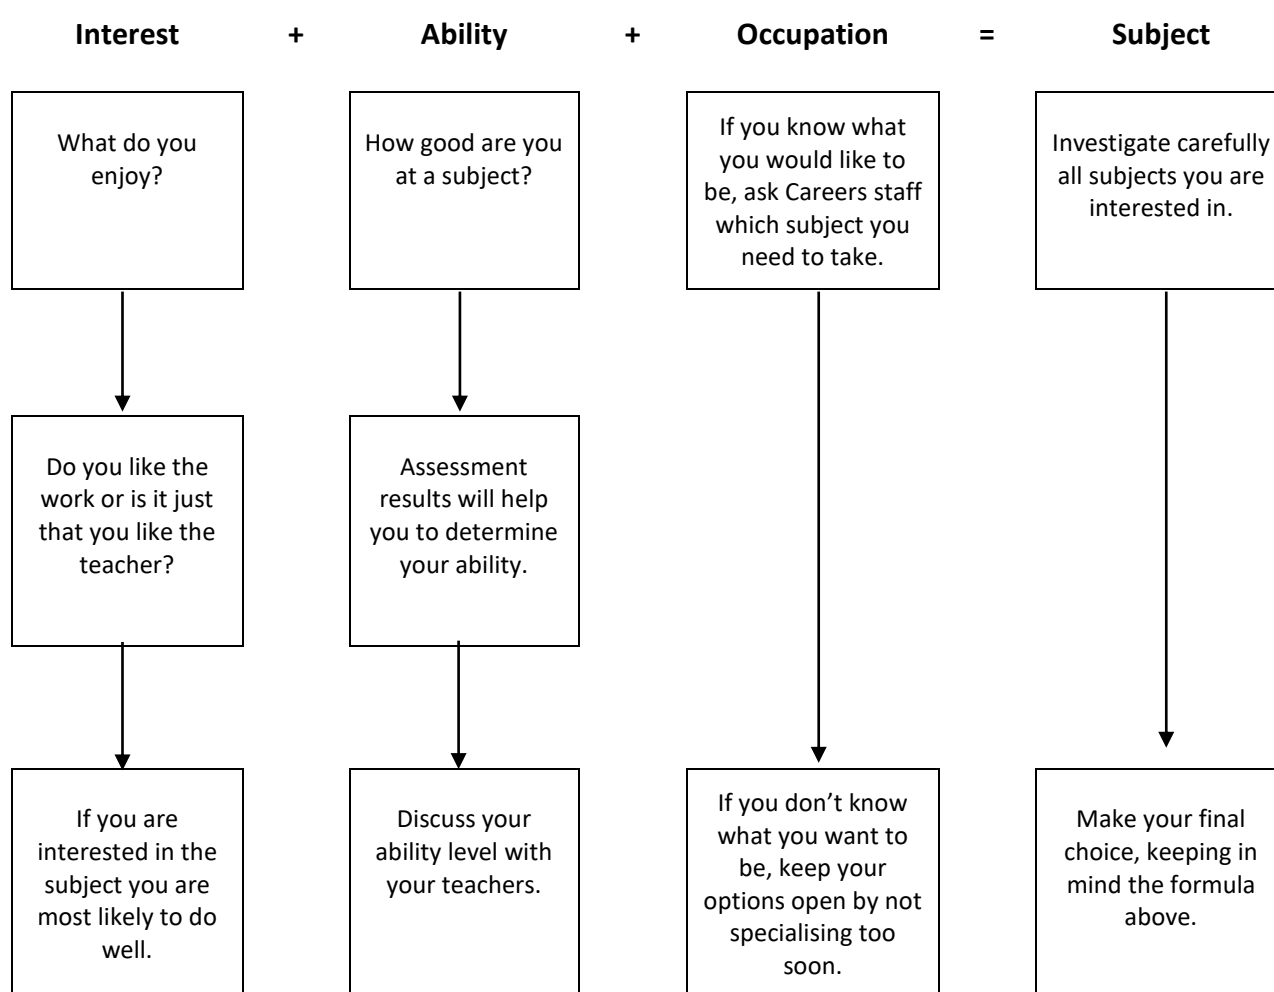

<http://www.mbie.govt.nz/info-services/employment-skills/labour-market-reports/occupation-outlook>

Choosing Your Course for 2025

Every effort is made to ensure that as many students as possible are able to study a programme of their choice. It is a priority of the school to offer a continuity of courses and to answer student need. Subjects which do not attract sufficient students may not be able to run, or may have to be offered with reduced teacher contact hours.

1. Read this booklet carefully.
2. Seek advice from your form teacher, your current subject teachers, HODs, the Vocational Studies teacher, your year level Dean, and from your family.
3. Log in to the web portal via the Rongotai College webpage. Your form teacher has your username and password. You will be given time in form period to do this.
4. You must have selected your subjects for 2025 **by 23 August, 2024**.

The formula for choosing a programme of study should be:

WARNING!
 This is YOUR choice, for YOUR future
 Two common influences that are NOT valid reasons for subject choice are:
 1. What your friends are taking!
 2. Who the teacher is!

Year Level Course Requirements

- A full time course of study must be undertaken by all students.
 - A full-time course for Year 11 students is 6 subjects.
 - A full-time course for Year 12 students is 6 subjects.
 - A full-time course for Year 13 students studying for Level 3 is 5 or 6 subjects.
 - A full-time course for Year 13 students studying for Level 2 is 6 subjects.
- Students may have an appropriate multi-level course of study if they do not achieve a qualification. There is nothing to prevent students studying at two or three different levels of NCEA – for example, a student who failed to achieve many credits in Mathematics in Year 11 might repeat Mathematics at NCEA Level 1, but do his other subjects at Level 2. This must be discussed with the Dean.

Year 11 – NCEA Level 1

- English
- Mathematics
- Science
- plus **THREE** other subjects from the list below:

Course	Course Code
Commerce	1COM
Design & Visual Communication	1DC
Web Technologies	1DT
Drama	1DR
ESOL	1ES
Geography	1GE
History	1HI
Hospitality	1HS
Literacy	1LT
Māori	1MR
Material Technology	1MT
Music	1MU
Physical Education	1PE
Samoan	1SA
Spanish	1SP
Visual Art	1AR

Year 12 – NCEA Level 2

- Students must study **English**
- plus **FIVE** other subjects from the list below, or from the Level 1 list on page 6
- *please note: students who do not achieve the Numeracy co-requisite **MUST** take a Maths course (i.e. 2MA, 2MQ or 2MN) in Year 12*

Course	Course Code	Pre-requisites
Accounting	2AC	1AC
Biology	2BI	Consultation with HOD
Chemistry	2CH	12 credits in 1SC, NCEA Level 1 Literacy & Numeracy
Classical Studies	2CS	NCEA Level 1
Programming	2PR	Merit in AS91076
Design	2AD	12 credits in 1AR
Design & Visual Communication	2DC	Successful completion of 1DC
Web Technologies	2DT	Successful completion of 1DT
Drama	2DR	NCEA Level 1
Economics	2EC	1EC recommended, NCEA Level 1
ESOL	2ES	NCEA Level 1 Literacy
Geography	2GE	1GE recommended, Level 1 Literacy
History	2HI	NCEA Level 1
Hospitality	2HSA	Approval of HoD
Māori	2MR	12 credits in 1MR
Māori Performing Arts	2KH	NCEA Level 1
Material Technology	2MT	10 credits in 1MT
Mathematics	2MA*	12 credits from L1 Mathematics Achievement Stds
Mathematics	2MQ*	12 credits from L1 Mathematics
Mathematics/Numeracy	2MN	-
Mechanical Engineering	2ME	-
Media Studies	2MD	NCEA Level 1
Music Performance	2MP	By consultation with HoD
Music Studies	2MU	By consultation with HoD
Outdoor Education	2OE	NCEA Level 1
Retail Studies	2RS	-
Personal Training	2PT	NCEA Level 1
Photography	2AP	-
Physical Education	2PE	12 credits in 1PE
Physics	2PH	12 credits in 1SC (incl 1 external), NCEA Level 1 Literacy & Numeracy
Printmaking	2AM	12 credits in 1AR
Samoan	2SA	12 credits in 1SA
Science	2SC	12 Level 1 Science credits, Literacy and Numeracy
Spanish	2SP	12 credits in 1SP
Trade Training	2TT	-
Visual Art	2AR	12 credits in 1AR
Vocational Studies	2VS	

* Students wishing to study either 2MA or 2MQ should enter 2MA as your option subject

Year 13 – NCEA Level 3

- Students studying for Level 3 must choose 5 or 6 subjects from the list below
- Students studying for Level 2 must choose 6 subjects from the list below or the Year 12 list on page 7

Course	Course Code	Pre-requisites
Accounting	3AC	Consultation with HoD
Biology	3BI	10 credits in 2BI & HoD approval
Calculus	3MC	12 Level 2 Maths AS credits, including L2 Calculus
Chemistry	3CH	10 credits in 2CH & HoD approval
Classical Studies	3CS	At least 12 credits in at least 2 Level 2 courses
Programming	3PR	Successful completion of 2DT
Design	3AD	12 credits in 2AR and in consultation with HoD
Design & Visual Communication	3DC	Successful completion of 2DC
Web Technologies	3WD	Successful completion of 2DT
Drama	3DR	NCEA Level 2
Economics	3EC	2EC recommended, Consultation with HoD
English	3EN	12 credits in 2EN, incl 1 external; NCEA Level 2
English – Level 2/3	3EQ	-
Geography	3GE	NCEA Level 2 & HOD approval
History	3HI	NCEA Level 2
Hospitality	3HS	Approval of Teacher-in-Change
Māori	3MR	12 credits in 2MR
Māori Performing Arts	3KH	No pre-requisite
Materials Technology	3MT	10 credits in 1MR or 2MT
Mechanical Engineering	2MEB	See 2ME
Media Studies	3MD	12 credits in 2MD
Music Performance	3MP	By consultation with HoD
Music Studies	3MU	By consultation with HoD
NZ Certificate in Computing	3CMA	No pre-requisite
Outdoor Education	3OE	12 credits in 2PE or 2OE & HoD approval
Painting	3AR	12 credits in 2AR and in consultation with HoD
Personal Training	3PT	12 credits in 2PT or HoD approval
Photography	3AP	Consultation with HoD
Physical Education	3PE	12 credits in 2PE & HoD approval
Physics	3PH	10 credits in 2PH & HoD approval
Printmaking	3AM	12 credits in 2AR or 2AM and in consultation with HoD
Samoan	3SA	12 credits in 2SA
Spanish	3SP	12 credits in 2SP
Statistics	3MS	12 Level 2 Maths AS credits
Trade Training	3TT	See 2TT
Vocational Studies	3VS	HoD approval

ART DEPARTMENT

Curriculum Pathways Map

ART

Art courses enable students to develop techniques and expertise in various facets of art (painting, drawing, printing, design). Students will be expected to research artworks from Māori, Polynesian and European traditions and then generate and develop ideas in making their own artworks.

Note: A student may choose a maximum of TWO Art options in any given academic year.

COURSE TITLE	Level 1 Visual Art	Level 2 Painting	Level 3 Painting
COURSE CODE	1AR	2AR	3AR
PREREQUISITE	-	A minimum of 12 credits in 1AR and in consultation with HOD Art	12 credits in 2AR or and in consultation with HOD Art
FEES	\$40	\$40	\$40
QUALIFICATION	NCEA Level 1	NCEA Level 2	NCEA Level 3
ASSESSMENT	by Achievement Standards <i>10 credits internally assessed</i> <i>10 credits externally assessed</i>	by Achievement Standards <i>12 – 16 credits internally assessed</i> and for selected students <i>12 credits externally assessed</i>	by Achievement Standards <i>8 – 16 credits internally assessed</i> and for selected students <i>14 credits externally assessed</i>
CONTENT	<ul style="list-style-type: none"> ▪ Use drawing conventions to develop work and explore processes. ▪ Demonstrate understanding of art works from Māori and other cultures. ▪ Create a sustained body of related art works ▪ Generate and develop ideas in making artworks. 	<ul style="list-style-type: none"> • Produce a body of work within painting to show understanding of art-making methods and ideas. 	<ul style="list-style-type: none"> • The painting course uses a variety of techniques in both drawing and painting to produce a body of work giving students a general overall understanding of painting conventions.

COMMERCE DEPARTMENT

Curriculum Pathways Map

Key:

————> Main Pathway

- - - -> Alternative Pathway

COMMERCE & ACCOUNTING

These courses aim to provide a study of the nature and role of accounting and business in society and provide a stimulus and foundation to the study of accounting at university. They will show you how the concepts, processes and systems apply to different types of organisations and will help you to understand how to analyse systems and methods of processing and progress in business. If you are thinking of getting into any form of business the skills you learn in these courses are invaluable. From 2023 onwards, Accounting combines with Economics as Commerce for NCEA Level 1.

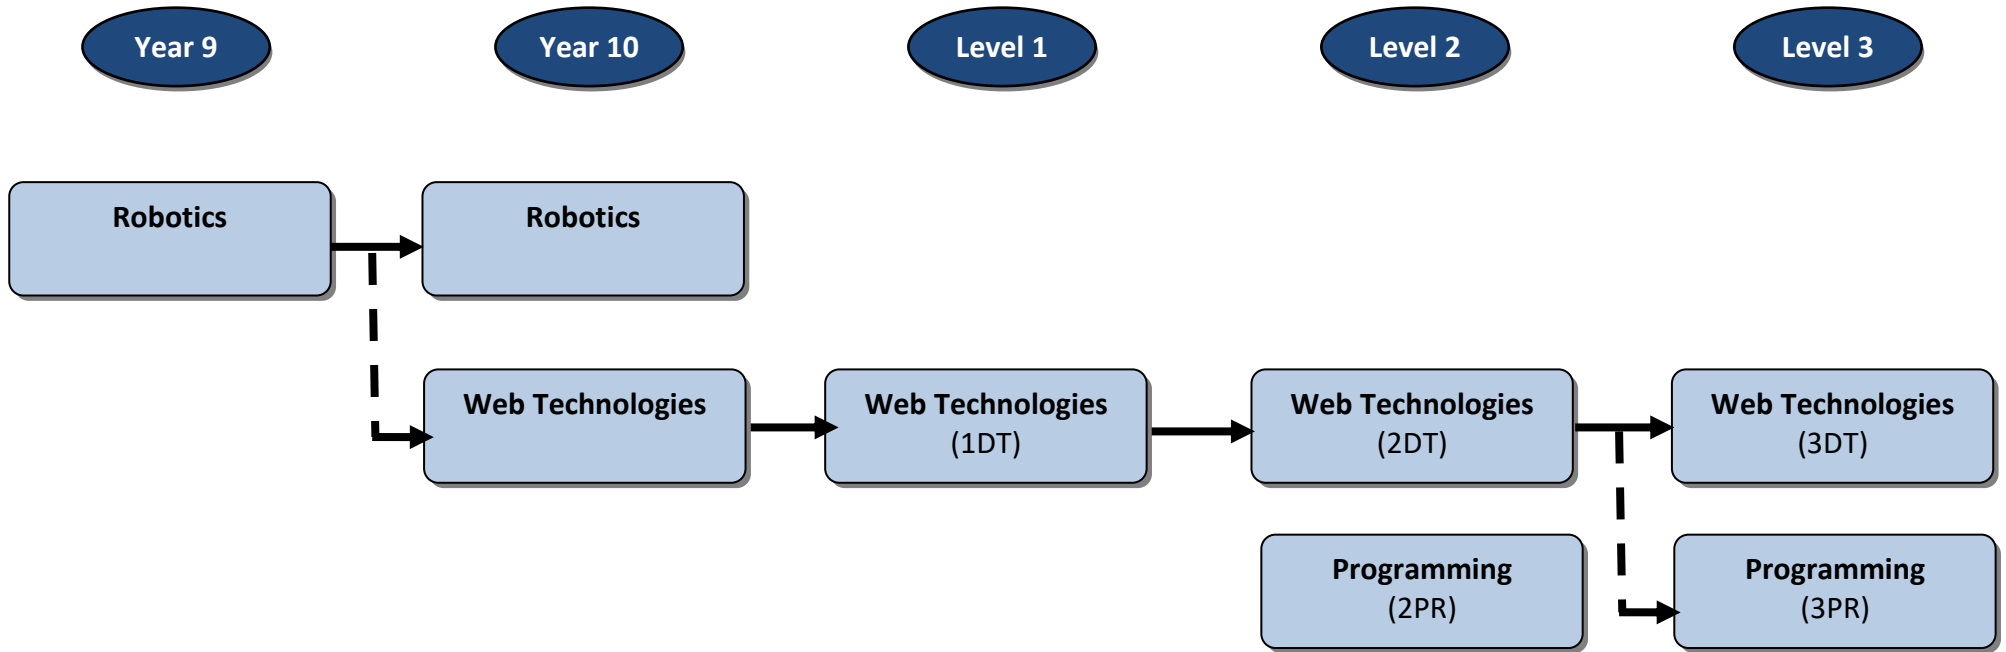

COURSE TITLE	Level 1 Commerce	Level 2 Accounting	Level 3 Accounting
COURSE CODE	1COM	2AC	3AC
PREREQUISITE	-	1AC	Entry is at the discretion of the HOD.
FEES	-	-	-
QUALIFICATION	NCEA Level 1	NCEA Level 2	NCEA Level 3
ASSESSMENT	by Achievement Standards <i>10 credits internally assessed</i> <i>10 credits externally assessed</i>	by Achievement Standards <i>7 credits internally assessed</i> <i>9 credits externally assessed</i>	by Achievement Standards <i>13 credits internally assessed</i> <i>4 credits externally assessed</i>
CONTENT	<ul style="list-style-type: none"> ▪ Understanding relationships between sectors of the community ▪ Setting up and running an organisation ▪ Review a product-based business activity ▪ Organisational financial decision making and the effects on related parties ▪ Understand what is necessary for organisations to be financially viable ▪ Understand how business communicate both financial and non-financial information 	<ul style="list-style-type: none"> ▪ Processing financial information including balance day adjustments ▪ Processing financial transactions, using computer software (Xero), for a sole proprietor ▪ Demonstrate understanding of an accounts receivable sub-system for an entity ▪ Reporting of financial information for a sole proprietor registered for GST on the invoice basis ▪ Analysis, interpretation and evaluation of financial information for a sole proprietor business 	<ul style="list-style-type: none"> ▪ Accounting for partnerships ▪ Accounting for companies ▪ Introduction to cost accounting ▪ Management decision-making
<p>NOTES: Students are encouraged to present the results of all internally assessed work using a computer package. 3AC may also be credited to the National Certificate in Business. Accounting is a pre-requisite for all business courses at the tertiary level.</p>			
<p>CONTACT: Mr Florance or Mr O'Connor</p>			

COMMERCE & ECONOMICS

<p>Economics courses will help you develop a broad understanding of basic economic concepts controlling the operation of the New Zealand economy. You will gain mastery of a wide range of cognitive skills and apply them in simple economic analysis. You will become aware of values and attitudes relating to economic issues and gain an objective understanding of the social effects of economics decisions. If you are thinking of getting into any form of business the skills you learn in these courses are invaluable. From 2023 onwards, Economics combines with Accounting as Commerce for NCEA Level 1.</p>			
COURSE TITLE	Level 1 Commerce	Level 2 Economics	Level 3 Economics
COURSE CODE	1COM	2EC	3EC
PREREQUISITE	-	1AC	Enrolment in 2EC. (Entry is at the discretion of the HOD.)

DIGITAL TECHNOLOGIES DEPARTMENT

Curriculum Pathways Map

Key:

- Main Pathway
- - - → Alternative Pathway

DIGITAL TECHNOLOGIES

Our courses offer a pathway to a range of careers in using and/or writing computer programs, and working with a range of digital media.

Note: A student may choose a maximum of TWO Digital technology options in any given academic year.

COURSE TITLE	Level 1 Web Technologies	Level 2 Web Technologies	Level 3 Web Technologies
COURSE CODE	1DT	2DT	3DT
NOTES	This course introduces a broad range of digital skills. Learn how to plan and write programmes, design and refine graphic products and create 3D models for games/animation. This course provides grounding in key knowledge and skills for Level 2 Digital Technology.	This course covers THREE areas: <i>Web Design and Development</i> , <i>Programming and Game Design and Development</i> and combines areas into a project which can be done individually or in a team. <i>Web Development</i> involves the creation of dynamic and responsive websites using HTML, CSS, JS, PHP, Python amongst other technologies. <i>Programming</i> builds on concepts introduced at Level 1. Arrays, code efficiency and problem solving form the basis of programming. <i>Game Design</i> involves concepts of space, components, mechanics, goals and rules. The introduction of C++ and Unity platform for development.	This course covers THREE areas: <i>Web Design and Development</i> , <i>Programming and Game Design and Development</i> and combines areas into a project which can be done individually or in a team. <i>Web Development</i> involves the creation of dynamic and responsive websites using HTML, CSS, JS, PHP, Python amongst other technologies. <i>Programming</i> builds on concepts covered at Level 2. Designing a Graphic User Interface (GUI) for programs and games. This will use the Tkinter and Pygame Python modeules and introduce the concept of Classes/Obect Oriented Programming. <i>Game Design</i> involves concepts of space, components, mechanics, goals and rules. The introduction of C++ and Unity platform for development. Unreal Engine is another option and platform with C# as a language.
PREREQUISITE	-	Successful completion of 1DT or at the discretion of the HOD.	Successful completion of 2DT web development assessments.
FEES	\$10	\$10	\$10
QUALIFICATION	NCEA Level 1 credits; Subject endorsement available	NCEA Level 2 credits; Subject endorsement available.	NCEA Level 3 credits; UE approved Subject endorsement available.
ASSESSMENT	by Achievement Standards <i>20 credits</i>	by Achievement Standards <i>19 credits</i>	by Achievement Standards <i>20 credits</i>
CONTENT	3 projects throughout the year, each specialising in a different aspect of Digital	A project that incorporates multiple disciplines like inquiry proposal, design,	A project that incorporates multiple disciplines like UX Methodologies, inquiry

	<p>Technology. Project 1 involves planning and programming a basic game using Python. Project 2 will develop a range of graphic design skills using Adobe PhotoShop/ InDesign, and then create a small form magazine. Project 3 will gain understanding of 3D modelling principles then design their own complex model with Maya</p>	<p>digital outcome development, project management, testing, database backend. The digital outcome is determined by the individual or group and is meant to be useful and designed for purpose. Tools like Version Control Software (GitHub), Trello, Miro form a foundation for collaborative learning and development.</p>	<p>proposal, design, digital outcome development, project management, testing, database backend. The project (digital outcome) is determined by the individual or group and is meant to be useful and designed for purpose. It can take the form of a website, web app, game (text, 2D,3D). NOTES: The standards in 3EQ are indicative only and others may be used which suit individuals' needs.		
CONTACT: Mr Norman (Level 3)		

MEDIA STUDIES

The courses have a focus on film production, and through full participation students will be able to “read” film texts, to explain how films impart messages and values, to describe a media “genre” and conventions of narrative, to design and produce a film, using film technologies, and to evaluate their understanding of the film production process. Half of the course involves the creation of a film product. Students must be prepared to commit themselves to production work outside timetabled lessons. They can expect to undertake filming and editing tasks during lunchtimes, after school and in the weekends.

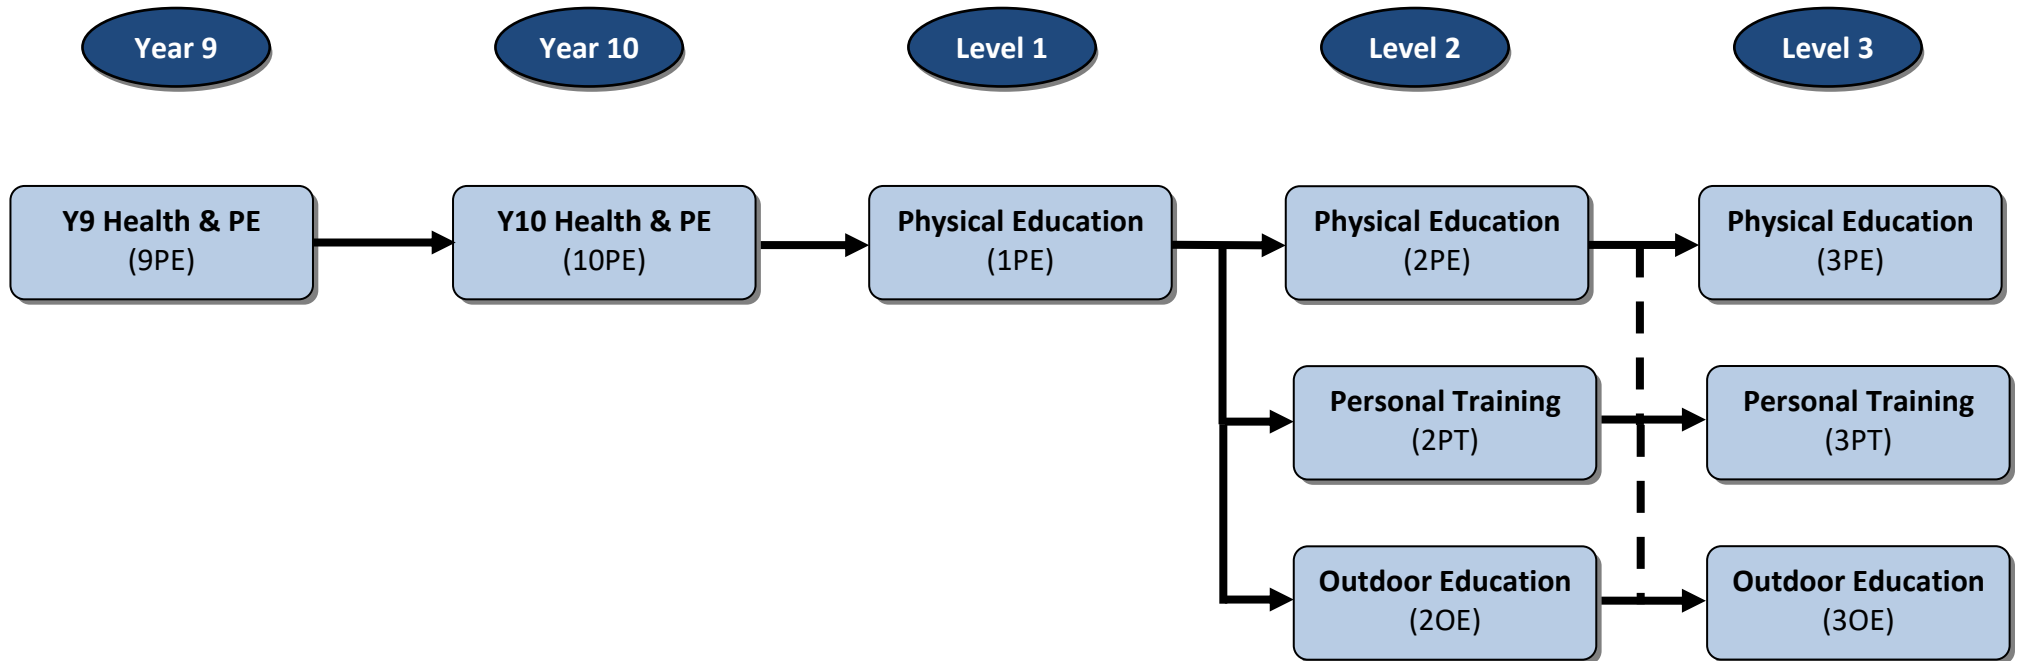

COURSE TITLE		Level 2 Media Studies	Level 3 Media Studies
COURSE CODE		2MD	3MD
PREREQUISITE		NCEA Level 1	At least 12 credits in 2MD. Students who do not meet this requirement should consult the teacher-in-charge.
FEES		-	-
QUALIFICATION		NCEA Level 2	NCEA Level 3
ASSESSMENT		by Achievement Standards <i>internally & externally assessed</i>	by Achievement Standards <i>internally & externally assessed</i>
CONTENT		<ul style="list-style-type: none"> ▪ Understanding of media representation ▪ Media genre study ▪ Design and plan a media product ▪ Producing of a media text 	<ul style="list-style-type: none"> ▪ How meaning is created in a media text ▪ The relationship between a media genre and society ▪ Design and plan a media product ▪ Producing of a media text ▪ Understanding a significant development in the media

NOTES: Media Studies lays the groundwork for prospective careers in the communication areas of advertising, journalism, television, film production and teaching.

SCIENCE DEPARTMENT

Curriculum Pathways Map

Key:

- Main Pathway
- - - → Alternative Pathway

SCIENCE

Science is the study of the physical, biological and chemical world around us			
COURSE TITLE	Level 1 General Science	Level 1 Applied Science	Level 2 Science
COURSE CODE	1SCG	1SCA	2SC
PREREQUISITE			
FEES	Education Perfect Fee (\$25) Workbooks (\$20)	Education Perfect Fee (\$25) Workbooks (\$20)	Education Perfect Fee (\$25)
QUALIFICATION	NCEA Level 1 (21 credits)	NCEA Level 1 (20 credits)	NCEA Level 2
ASSESSMENT	by Achievement Standards <i>16 credits internally assessed</i> <i>5 credits externally assessed</i>	by Achievement Standards <i>15 credits internally assessed</i> <i>5 credits externally assessed</i>	by Achievement Standards <i>20 credits, internally assessed</i>
CONTENT	<ul style="list-style-type: none"> ▪ Electricity ▪ Mechanics ▪ Environmental Chemistry ▪ Ecology and Evolution ▪ Genetics and Biochemistry ▪ Microbiology 	<ul style="list-style-type: none"> ▪ Biology and Physics of Sport ▪ Biology and Chemistry of Food ▪ Astronomy and Earth Systems ▪ Physics of Transport and Building ▪ Applying the Scientific Method 	<ul style="list-style-type: none"> ▪ Practical investigations ▪ Research information to present a scientific report ▪ Adaptations of plants and animals ▪ Recent developments and discoveries in chemistry. ▪ Investigate patterns in ecological communities.
NOTES:	<p>Level 1 General Science is an academic course that contextualises the core strands of Science by incorporating them into the broader themes of Engineering, Environmental Science and Health Science.</p> <p>Level 1 Applied Science is designed to support learners develop the knowledge, skills and attitudes to apply science in everyday life and in their careers</p>		
CONTACT: Mr Roth			

BIOLOGY

Biology is the study of living things and their interactions with each other and their environment.			
COURSE TITLE		Level 2 Biology	Level 3 Biology
COURSE CODE		2BI	3BI
PREREQUISITE		A minimum of 12 credits in 1SC, appropriate literacy and numeracy credits at Level 1.	A minimum of 10 credits in 2BI. Approval of HOD.
FEES		Workbook (\$35) Education Perfect Fee (\$25)	Workbook (\$35), fees for field trips Education Perfect Fee (\$25)
QUALIFICATION		NCEA Level 2	NCEA Level 3
ASSESSMENT		by Achievement Standards <i>11 credits internally assessed</i> <i>8-12 credits externally assessed</i>	by Achievement Standards <i>13 credits internally assessed</i> <i>8 credits externally assessed</i>
CONTENT		<ul style="list-style-type: none"> ▪ Ecology and Investigation ▪ Animal adaptations ▪ Genetic variation and change ▪ Gene expression ▪ Practical Investigation ▪ Analyse Biological Validity 	<ul style="list-style-type: none"> ▪ Research a socio-scientific issue ▪ Evolutionary processes ▪ Biotechnology ▪ Human evolution ▪ Animal physiology (thermoregulation) ▪ Practical biological investigation
NOTES:			
CONTACT: Mr Roth			

CHEMISTRY

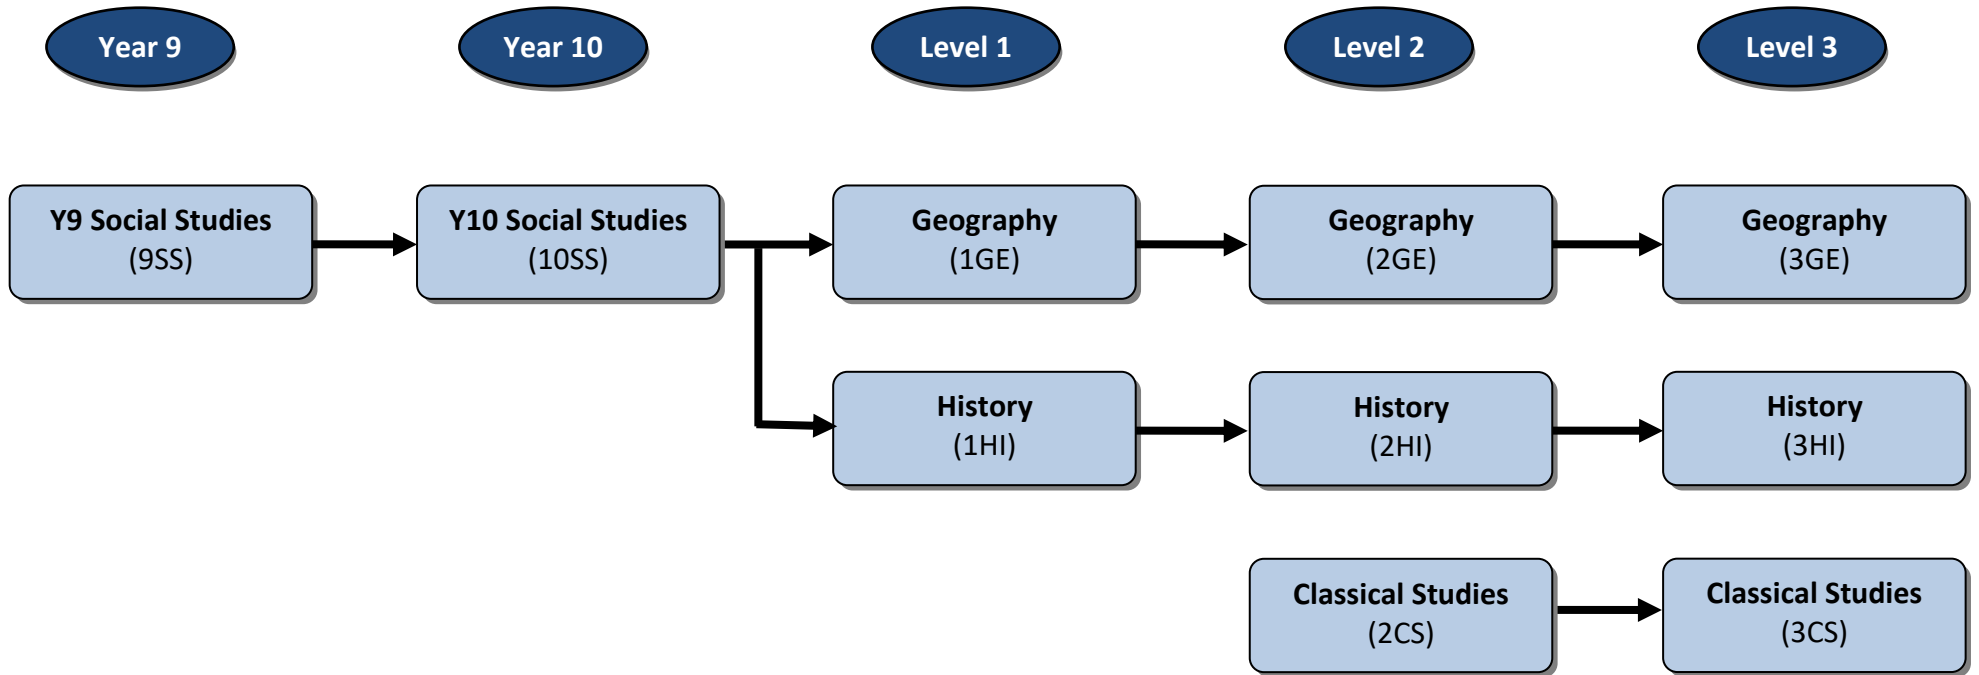

Chemistry is the study of the world around you, and in particular, the microscopic world of atoms, ions and molecules.			
COURSE TITLE		Level 2 Chemistry	Level 3 Chemistry
COURSE CODE		2CH	3CH
PREREQUISITE		A minimum of 12 credits in 1SC, appropriate literacy and numeracy credits at Level 1.	A minimum of 10 credits in 2CH. Approval of HOD.
FEES		Workbook (\$30) Education Perfect Fee (\$25)	Workbook (\$34) Education Perfect Fee (\$25)
QUALIFICATION		NCEA Level 2	NCEA Level 3
ASSESSMENT		by Achievement Standards <i>6 credits internally assessed</i> <i>13 credits externally assessed</i>	by Achievement Standards <i>6 credits internally assessed</i> <i>15 credits externally assessed</i>
CONTENT		<ul style="list-style-type: none"> ▪ Qualitative analysis ▪ Oxidation-reduction reactions ▪ Structure, bonding and energy changes ▪ Organic chemistry ▪ Principles of chemical reactivity 	<ul style="list-style-type: none"> ▪ Redox processes ▪ Spectroscopy ▪ Thermochemistry ▪ Organic compounds ▪ Equilibrium principles in aqueous systems
NOTES:			
CONTACT: Mr Roth or Mr Bhindi			

PHYSICS

Physics is the study of the relationship between matter and energy.			
COURSE TITLE		Level 2 Physics	Level 3 Physics
COURSE CODE		2PH	3PH
PREREQUISITE		A minimum of 12 credits in 1SC (including one external), appropriate literacy and numeracy credits.	A minimum of 10 credits in 2PH. Approval of HOD.
FEES		Workbook (\$30) Education Perfect Fee (\$25)	Education Perfect Fee (\$25)
QUALIFICATION		NCEA Level 2	NCEA Level 3
ASSESSMENT		by Achievement Standards <i>7 credits internally assessed</i> <i>16 credits externally assessed</i>	by Achievement Standards <i>6 credits internally assessed</i> <i>16 credits externally assessed</i>
CONTENT		<ul style="list-style-type: none"> ▪ Waves ▪ Mechanics ▪ Electricity and electromagnetism ▪ Practical experiment or Physics in context report ▪ Atomic and nuclear physics 	<ul style="list-style-type: none"> ▪ Wave systems ▪ Mechanical systems ▪ Modern physics ▪ Electrical systems ▪ Physics and a socio-scientific issue

CLASSICAL STUDIES

<p>The Classical Studies course offers an interesting and stimulating course for students of differing abilities and academic backgrounds. It helps students gain knowledge, understanding and appreciation of the history and culture of classical Greece and Rome and to make comparisons between classical civilisations and the world in which they live. It provides a wide range of different material and disciplines within the context of historical, literary and artistic appreciation and analysis.</p>			
COURSE TITLE		Level 2 Classical Studies	Level 3 Classical Studies
COURSE CODE		2CS	3CS
PREREQUISITE		NCEA Level 1	At least 12 credits in at least two Level 2 courses, or at the discretion of the teacher
FEES		-	-
QUALIFICATION		NCEA Level 2	NCEA Level 3
ASSESSMENT		by Achievement Standards <i>10 credits internally assessed</i> <i>10 credits externally assessed</i>	by Achievement Standards <i>12 credits internally assessed</i> <i>10 credits externally assessed</i>
CONTENT		<ul style="list-style-type: none"> ▪ Greek Tragedy ▪ Vesuvius and Pompeii ▪ Athenian Democracy ▪ Greek and Roman Mythology 	<ul style="list-style-type: none"> ▪ Alexander the Great ▪ Virgil's <i>Aeneid</i> ▪ Greek / Roman Philosophy ▪ The Classical Hero
NOTES			
CONTACT: Mr Baird			

GEOGRAPHY

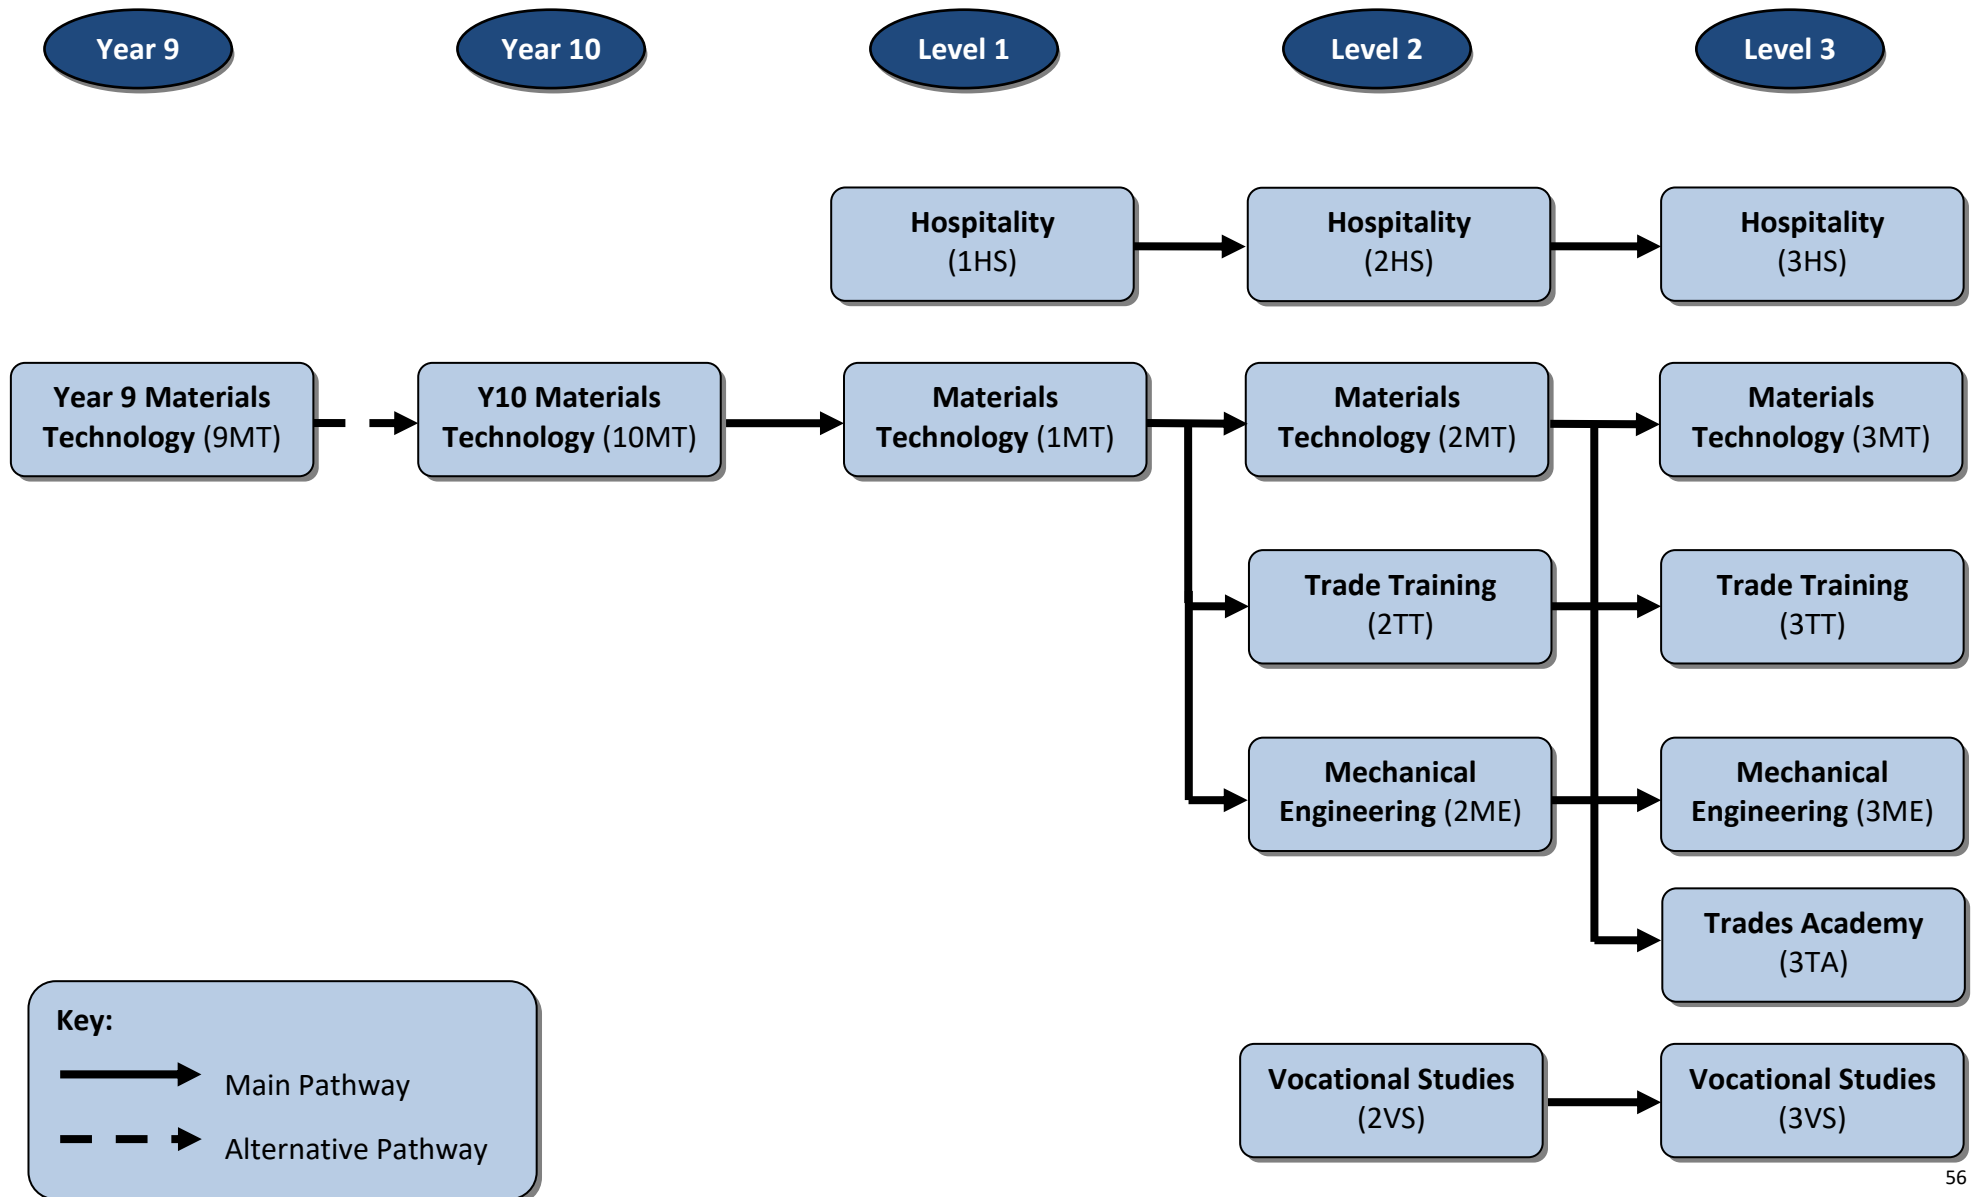

<p>Geography is for students who are open-minded, interested in the world around them and is a natural progression from Social Studies. Those who choose to study Geography will develop intellectual skills that will enable them to critically evaluate and analyse. At the end of the courses you will have developed transferable skills such as decision making, communication and teamwork through the study of a variety of case studies both local and global. Geography is a well-rounded subject that provides students with knowledge about our rapidly changing world and how humans are impacting on it.</p>			
COURSE TITLE	Level 1 Geography	Level 2 Geography	Level 3 Geography
COURSE CODE	1GE	2GE	3GE
PREREQUISITE	-	It is recommended that students have completed the NCEA Level 1 Geography course, but it is not essential. Students need to have gained Level 1 Literacy. Approval of the HOD is necessary.	NCEA Level 2. Students new to geography will need to become conversant with the key geographic concepts and core geographical skills. Students will need to have 8 credits for externals at Merit and Excellence for English Level 2. Approval of the HOD is necessary.
QUALIFICATION	NCEA Level 1	NCEA Level 2	NCEA Level 3
ASSESSMENT	by Achievement Standards <i>10 credits internally assessed</i> <i>10 credits externally assessed</i>	by Achievement Standards <i>14 credits internally assessed</i> <i>8 credits externally assessed</i>	by Achievement Standards <i>14 credits internally assessed</i> <i>4 or 8 credits externally assessed</i>
CONTENT	<ul style="list-style-type: none"> ▪ Demonstrate understanding of the spatial distribution of phenomena and its impacts on place (the environment that surrounds us) ▪ An environment using data to explore te taiao ▪ Demonstrate understanding of how natural processes shape an environment ▪ Demonstrate understanding of geographic decision making in response to a geo challenge in wider pacific region. 	<ul style="list-style-type: none"> ▪ Large natural environment: Tongariro Volcanic Centre ▪ Global Geographic topic: malaria ▪ Urban pattern: Chicago ▪ Contemporary NZ issue: TBC ▪ Geographic Research ▪ Geography skills <p>There will be a field trip to Tongariro National Park.</p>	<ul style="list-style-type: none"> ▪ Global Geographic Topic: Diamond trade ▪ Geographic Issue: Human Trafficking ▪ Optional: Cultural Processes Tourism in Bali ▪ Geographic Research: Coastal ▪ Geographic Skills ▪ Contemporary event: R&V <p>Students will have a choice for their Geographic research and an opportunity to conduct fieldwork of their choosing</p>
<p>NOTES: There are many career opportunities associated with Geography as a result of the strong analytical skills the subject develops in students. Career paths for those with a Geography background include law, cartography, GIS specialist and analyst, international aid worker, disaster planning and relief, politics and foreign affairs, environmental consultancy, resource management and teaching.</p>			
<p>CONTACT: Ms Sturgeon</p>			

HISTORY

<p>These courses are a natural progression from Year 10 Social Studies. An awareness of History inspires students to become confident, questioning and empathetic individuals. With these skills students enhance their employability and are able to participate actively and critically in their societies.</p>			
COURSE TITLE	Level 1 History	Level 2 History	Level 3 History
COURSE CODE	1HI	2HI	3HI
PREREQUISITE	-	It is recommended that students have completed the NCEA Level 1 History course, but is not essential. Students need to have gained Level 1 Literacy. Approval of the HOD is necessary.	It is recommended that students have completed the NCEA Level 2 History course, but is not essential. Students need an interest in history and to have gained UE Literacy. Approval of the HOD is necessary.
FEES	-	-	-
QUALIFICATION	NCEA Level 1	NCEA Level 2	NCEA Level 3
ASSESSMENT	by Achievement Standards <i>10 credits internally assessed</i> <i>10 credits externally assessed</i>	by Achievement Standards <i>14 credits internally assessed</i> <i>9 credits externally assessed</i>	by Achievement Standards <i>15 credits internally assessed</i> <i>10 credits externally assessed</i>
CONTENT	<ul style="list-style-type: none"> ▪ US Civil Rights Movement / Parihaka ▪ Origins of WWII ▪ New Zealanders and WWII ▪ The Cold War 	<ul style="list-style-type: none"> ▪ The Vietnam War ▪ Nazi Germany ▪ Origins of World War I 	<ul style="list-style-type: none"> ▪ The Arab / Israeli Conflict ▪ Individual Historical Inquiry ▪ Decision to Drop the Atomic Bomb
<p>NOTES: Historians develop a range of useful skills for the workplace. They become experts at collecting, analysing and evaluating data. These skills are required in such jobs as a lawyer, researcher, curator, teacher, diplomat, journalist, publisher, archivist, public service.</p>

TRADE & VOCATIONAL TRAINING DEPARTMENT

Curriculum Pathways Map

HOSPITALITY

Food Technology and Hospitality includes the study of food, nutrition, different people's needs and working in a restaurant.			
COURSE TITLE	Level 1 Hospitality	Level 2 Hospitality	Level 3 Hospitality
COURSE CODE	1HS	2HS (First year of Level 2 Study)	3HS (Second year of 2HS Study)
PREREQUISITE	Written approval of HOD or Teacher in Charge	Written approval of HOD or Teacher in Charge	Interview by Teacher in Charge. Has already completed 2HS
FEES	\$160	\$160	\$160
QUALIFICATION	NCEA Level 1	NCEA Level 2	NCEA Level 3
ASSESSMENT	by Unit Standards <i>23 credits internally assessed</i>	by Unit Standards <i>21 credits internally assessed</i>	by Unit Standards (Level 3) <i>25 credits internally assessed</i> There is the possibility of up to 14 Achievement Standard credits being offered, as a UE approved subject.
CONTENT	<ul style="list-style-type: none"> ▪ Preparation/Presentation of fruit & vegetables ▪ Preparation/Presentation of eggs & cheese ▪ Knife skills ▪ Soups, stocks, sauces ▪ Hot finger food ▪ Prepare cakes, sponges, scones ▪ Career pathways ▪ Prepare and present meats 	<ul style="list-style-type: none"> ▪ Practise food safety methods in food business ▪ Handle knives in a commercial kitchen ▪ Preparation/Presentation of salad ▪ Preparation/Presentation of fruit & vegetable cuts ▪ Sandwiches ▪ Cooking: Frying ▪ Cooking: Grilling ▪ Cookery: Roasting 	<ul style="list-style-type: none"> ▪ Food hazards and control ▪ Assemble complex sandwiches ▪ Give oral instructions in the work place ▪ Knowledge of nutrition in catering ▪ Knowledge of culinary products <p><i>Level 3 Home Economics</i> Up to 14 credits may be available as an extension in Term 2/3, with the approval of the Principal.</p>
<p>NOTES: By studying 1HS students work through a foundation year. Students in Year 12 are working towards gaining Service IQ Cookery which is a perfect entrée to a job in a commercial kitchen. Year 13 students build upon existing knowledge as well as completing a Certificate in Food Hygiene. This class will also have the opportunity to achieve some Level 2 Achievement Standards. This course builds rewarding careers and experiences in New Zealand's booming services industry.</p>			
<p>CONTACT: Mr Chambers</p>			

MATERIALS TECHNOLOGY

Technology involves developing products to address real needs and opportunities existing in our community.			
COURSE TITLE	Level 1 Materials Technology	Level 2 Materials Technology	Level 3 Materials Technology
COURSE CODE	1MT	2MT	3MT
PREREQUISITE	Prior enrolment in 10MT is preferable but not compulsory.	10 credits in Level 1MT. Consideration may be given to other students with a background in Design & Visual Communication and Technology	10 credits in Level 2MT.
FEES	\$70	\$70	\$70
QUALIFICATION	NCEA Level 1	NCEA Level 2	NCEA Level 3
ASSESSMENT	by Unit Standards <i>20 credits</i>	by Unit Standards <i>20 credits</i>	by Achievement Standards <i>20 credits</i>
CONTENT	<ul style="list-style-type: none"> ▪ Practice of engineering and construction skills ▪ Knowledge of safety procedures in a workshop ▪ Development of products using a range of hard materials. 	<ul style="list-style-type: none"> ▪ Graphic communication and design ▪ Welding ▪ Engineering and technological design ▪ Shaping and forming materials ▪ Materials studies 	<ul style="list-style-type: none"> ▪ Design ▪ Investigation ▪ Research ▪ Analysis ▪ Shaping and forming materials
<p>NOTES: In the Level 1 course you will be preparing for assessment in practical outcome Achievement Standards. The course is based on practical projects supported by relevant written theory. The Level 2 course is working towards Technology Achievement Standards. In Level 3, students are developing a product based on their designs and planning. There may be extra costs to fit with the students' materials needs.</p>			
CONTACT: Mr Hoskin			

MECHANICAL ENGINEERING

<p>Mechanical Engineering uses Training Organisation Unit Standards to provide opportunity for students to gain experience and qualifications that count directly toward a career in Mechanical Engineering. It is a combination of theory and practical work (dismantling and reassembling mechanical components, e.g. using engineering skills).</p>			
COURSE TITLE		Level 2 Mechanical Engineering	Level 3 Mechanical Engineering
COURSE CODE		2ME	3ME
PREREQUISITE		HOD approval or previous experience in Y11 MT	HOD approval or previous experience in Y12 MT
FEES		\$70	\$70
QUALIFICATION		NCEA Level 2 Unit Standards based on Mechanical Engineering	NCEA Level 3 Unit Standards based on Mechanical Engineering
ASSESSMENT		by Unit Standards <i>15 credits</i>	by Unit Standards <i>12 credits</i>
CONTENT		<ul style="list-style-type: none"> ▪ Hand tools ▪ Safety ▪ Metal fabrication ▪ Power tools ▪ Welding ▪ Automotive ▪ Engines / tool and equipment 	<ul style="list-style-type: none"> ▪ Hand tools ▪ Safety ▪ Metal fabrication ▪ Power tools ▪ Welding ▪ Engnes / tools and equipment
<p>NOTES: Rongotai College is currently working alongside the Engineering ITO, which are providers of Engineering courses.</p>			
<p>CONTACT: Mr Hoskin</p>			

TRADES TRAINING

Trade Training offers opportunity for students who are interested in engineering and the construction industry.			
COURSE TITLE	Level 2 Trade Training	Level 3 Trade Training	Level 3 Trades Academy
COURSE CODE	2TT	3TT	3TA
PREREQUISITE	HOD approval or prior experience in Y11 MT	Level 2 Technology / Construction and HOD approval	By application to HoD and T-I-C Must have successfully completed Level 2 or Level 3 Trade Training OR Materials Technology OR Mechanical engineering
FEES	\$70	\$70	\$60
QUALIFICATION	NCEA Level 2 Unit Standards	NCEA Level 3 Unit Standards	NCEA Level 3 Standards
ASSESSMENT	by Unit Standards <i>up to 27 credits internally assessed</i>	by Unit Standards <i>up to 20 credits internally assessed</i>	<i>By Internally assessed Unit Standards</i>
CONTENT	<ul style="list-style-type: none"> ▪ Hand tools for projects ▪ Safe working practice ▪ Project construction ▪ Use of materials and equipment ▪ Trade terminology ▪ Related trade careers 	<ul style="list-style-type: none"> ▪ Hand tools for projects ▪ Safe working practice ▪ Project construction ▪ Use of materials and equipment ▪ Trade terminology ▪ Related trade careers 	<ul style="list-style-type: none"> ▪ Construction of set piece ▪ Financial Literacy ▪ Electronics ▪ Measurement/Number ▪ Using maths in construction
<p>NOTES:</p> <ul style="list-style-type: none"> • These courses are is for students who are thinking of venturing into trade related careers or who have an interest in creating and making projects. The courses have a strong practical emphasis but there are worksheets and tests to pass. • Level 3 Trades Academy is designed for students who are thinking of venturing onto an apprenticeship when they leave school. This course covers TWO timetable lines, and counts as TWO subjects. Students must have achieved Level 1 Literacy and Numeracy. 			
<p>CONTACT: Mr Hoskin</p>			

VOCATIONAL STUDIES

Vocational Studies offers an individualised learning programme around core employment skills and Vocational Pathways. This is done through classroom activities and industry-based training			
COURSE TITLE		Level 2 Vocational Studies	Level 3 Vocational Studies
COURSE CODE		2VS	3VS
PREREQUISITE		Approval of HOD or Teacher in Charge	Approval of HOD or Teacher in Charge
FEES		Aviation flying lessons \$250 per lesson	Aviation flying lessons \$250 per lesson
QUALIFICATION		NCEA Level 2	NCEA Level 3
ASSESSMENT		by Unit Standards (Level 2) <i>44 credits internally assessed</i>	by Unit Standards (Level 3) <i>18-38 credits internally assessed</i>
CONTENT		Choose a structured Gateway workplace learning environment which may lead to employment e.g. electrical, automotive, civil / water, aviation, carpentry, hospitality sports coaching, barista etc. Gain credits, make connections / networks in an industry. Classroom work is all internal.	Choose a structured Gateway workplace learning environment which may lead to employment e.g. electrical, automotive, civil / water, aviation, carpentry, hospitality sports coaching, barista etc. Gain credits, make connections / networks in an industry. Classroom work is all internal.
NOTES: There will be workplace opportunities through the Gateway programme and depending on availability. Acceptance into these opportunities is conditional on meeting specified criteria. Students are supported in the workplace with PPE and related industry specific standards.
